

VOLUNTEER AND DONATE IN-KIND

Volunteers

Founded and run by volunteers for our first four years, the rewards of productive volunteerism are the foundation of FIRE. We serve to enable volunteers in activities that are the most beneficial to FIRE as well as satisfying to themselves. Our exceptional infrastructure for volunteers empowers groups and individuals to lead programs, establish long-term relationships and implement programs. Our volunteer system dramatically expands our personnel resource base and the expertise available.

We are always looking for volunteers! Help in Flagstaff with office work, local events, packing and so much more. Or join us on one of our trips to Mongolia. Be a Personal Fundraiser and organize your own FIRE event wherever you are. Contact us today to learn more!

In-Kind

We are always in need a variety of items to keep our mission in motion; medical supplies, auction donations, professional services and more. Please visit our website for a complete and up to date list. Please contact us for more information. Please include the form on page 13 and send it to FIRE so that we can appropriately track your donation.
